## **CONTENTS**

**INTRODUCTION**

**HOW TO USE THE NUMERICAL PARTS LIST**

**SPARE PARTS PRICE LIST**

**APPENDIX A — OPERATING AND SERVICE MANUALS**

**APPENDIX B — MOTOR CONVERSION CHART**

**APPENDIX C — SPECIAL PART NUMBER CROSS REFERENCE**

**APPENDIX D — SPECIAL TOOLS AND TEST EQUIPMENT**

## **INTRODUCTION**

The objective of Pertec Computer Corporation , Peripherals Division Order Administration is to handle spare parts orders in a prompt and efficient manner to afford satisfaction to our customers. Spare parts are offered for sale according to the terms and conditions set forth herein and on the Order Acknowledgement.

This catalog provides replacement part prices for all units currently in production as well as many units produced in prior years. Note that certain assemblies referred to in the Operating and Service Manuals are not considered to be field repairable and, therefore, are not broken down into component parts — only replacement assemblies are stocked.

Questions regarding this catalog should be directed to Pertec Peripherals Division Spares Support.

## **PRICES**

The prices set forth in this catalog supersede all previous published price lists, and are subject to change or withdrawal without notice. All shipments will be invoiced at prices in effect on date of receipt of customer's order. Sales taxes will appear as additional items on the invoice, unless proof of tax exemption (e.g., resale certificate) is furnished with the Purchase Order.

The prices contained herein do not include transportation/freight charges, custom duties, export duties, brokerage fees, or other charges that might be associated with the shipment.

Pertec Peripherals Division retains the right to require a minimum order of \$75.00 (seventy five U.S. dollars), excluding transportation charges and taxes.

## **TERMS OF PAYMENT**

Unless the customer has previously established an open account with Pertec Peripherals Division spare parts will be shipped on a COD basis. Contact the Credit Department to establish your account.

## **HOW TO ORDER**

Spares Orders can be placed by mail, TWX, or telephone. A confirming copy of the purchase order must be received before shipment can be made.

Order by Part Number and Description according to this catalog. Better service is assured if purchase orders for spare parts are not combined with orders for other products.

Address all orders to:

PERTEC COMPUTER CORPORATION  
PERIPHERALS DIVISION  
ORDER ADMINISTRATION  
P.O. Box 2198  
Chatsworth, California 91311

An Order Acknowledgement will be sent for each order placed, showing price, delivery, and terms.

Any purchase order which does not conform to Pertec's terms and conditions will be refused and returned to the originating party.

#### **DELIVERY**

- A . All spare parts will be delivered F.O.B. Pertec's Peripherals Division factory, Chatsworth, California.
- B . All items listed in the spare parts list are currently being used in production except those marked with an "X" or "Z" (these are spare parts that are unique to discontinued product lines).
- C . Unless otherwise specified, shipments will be made by the most economical method. In the event a shipment is received damaged or lost in transit, notify the delivery carrier at once and file a claim. Title transfers to the consignee as soon as the shipment leaves our dock and the carrier is the agent of the consignee. Pertec does not accept responsibility for shipments damaged or lost in transit.
- D . Any discrepancies in the packing list and the actual quantities received *must* be reported to Order Administration within thirty (30) days after the date of shipment. Any discrepancies reported after that date will not be honored.
- E . Standard Delivery Schedules — After Receipt of Order (ARO)
  - Parts Coded "X": 150 days ARO
  - Piece Parts (P/N XXX-XXXX): 60 days ARO
  - Assembly Parts (P/N XXXXXX-XX): 90 days ARO
  - Special Tools and Test Equipment: 90 to 120 days ARO
  - Manuals: 30 days ARO for quantities 1—5; 60 days ARO for larger quantities (See Appendix A)
  - Reproducible Vellums of Manuals: 30 days ARO (See Appendix A)

#### **EMERGENCY SERVICE**

Pertec will, as a courtesy to their customers and within the limits of production capability, ship emergency spare parts within two (2) working days after receipt of the emergency order at our Emergency Spares Department. Emergency spare parts will be in accordance with the spare parts price in effect at the time the order is placed. Customer discount will not apply to emergency orders.

### **EMERGENCY SERVICE**

Pertec will, as a courtesy to their customers and within the limits of production capability, ship emergency spare parts within two (2) working days after receipt of the emergency order at our Emergency Spares Department. Emergency spare parts will be in accordance with the spare parts price in effect at the time the order is placed. Customer discount will not apply to emergency orders.

Emergency service will support only items that directly affect the performance of the unit. Parts to support conversion, aesthetic change, maintenance tools, or cables to MTA or daisy chain are not considered an emergency and will not be honored as such.

### **WARRANTY**

Pertec warrants products of its manufacture to be free from defects in design, workmanship and material under normal use and service for the below listed periods after the date of shipment:

- Tape Products: 12 months
- Disk Products: 12 months with the exception of heads and platters.
- Flexible Disk Products: 4 months
- Special Tools: 12 months
- Hand Held Exerciser: 4 months

### **RETURN FOR CREDIT**

Pertec may, at its sole option, authorize the return of spare parts; a 25 percent restocking fee will be charged. Order Administration must be contacted to obtain a *Return Goods Authorization*. The original Purchase Order number must be furnished.

### **CHANGE IN DESIGN**

Pertec may make changes in the construction or design of its products at any time in any manner that, in its judgement, will result in improvements, simplify design or which may be necessary because of availability of material. Any part so changed may be substituted by Pertec in fulfillment of orders.

## HOW TO USE THE NUMERICAL PARTS LIST

The Numerical Spare Parts List is organized as follows.

- Assembly Parts (XXXXXX-XX)
- Manuals (XXXXXX) (Also refer to Appendix A for a list of Operating and Service Manuals organized according to product line.)
- Piece Parts (XXX-XXXX)

### CODE COLUMN

- X** Indicates that the part is obsolete.
- D** Indicates that the part can be ordered only by Pertec's Repair Depot, or by customer with Pertec approval due to special or complex changing of parts.
- N** Indicates that a price discount will not be allowed.
- R** Indicates restricted buy of the part.
- ZZZ** Indicates discontinued product — parts are no longer available.

### REMARKS COLUMN

- REPL BY (Part Number)** Part is obsolete; refer to new part number when ordering.
- NO DISCOUNT** Price discount will not be allowed.
- SEE APPENDIX '\_\_\_\_'** Refer to the appropriate Appendix in this catalog.
- SPECIFY VOLT/CORD** When ordering a Power Supply, line voltage, power cord (European or Domestic), and Hertz must be specified.
- NOT REQUIRED** The part is no longer required and need not be replaced. Pertec no longer makes the part; drawing is available upon written request.
- NOT AVAILABLE** Pertec no longer makes the part; drawing is available upon written request.
- RESTRICTED** The part can be purchased only by the customer for whom it was designed.
