INTEROFFICE MEMORANDUM

DATE: 8 November 1967

SUBJECT: PDP-X Documentation

TO: Distribution FROM: H. Burkhardt
Lists A,B,C,D,E

Attached is an up-to-date list of all PDP-X Technical Memoranda. Several of the items have not yet been distributed.

Memoranda have been distributed as a function of the Distribution Key as many of the documents pertain only to one or two of the departments involved in this project. Each department will receive one set of all memoranda as follows:

Marketing	John Jones
Programming	Bill Segal
Technical Publications	Ed Boguse
Production	Dave Knoll

in addition to the copies of specific documents received by individuals in each department.

We are trying to keep the total number of documents in circulation to a minimum to reduce duplication time, cost, etc. and to prevent any potential security problems. Copies of any document may be requested, but try to keep this to an absolute minimum. Your co-operation is appreciated.
