IBM 2741 COMMUNICATION TERMINAL

This Technical Newsletter provides replacement pages for the subject publication. Pages to be inserted and/or removed are:

Cover, Edition notice
Contents, Frontispiece
13, 14
Glossary, Back Cover
Reader's Comment, Reply Mailer

A change to the text is indicated by a vertical line to the left of the change.

Summary of Amendments

This Technical Newsletter includes information on two new special features which enhance the uses of the IBM 2741 Communication Terminal in interactive computing and time-sharing applications. These features are Transmit Interrupt and Print Inhibit. New covers are provided to include a use key.

Note: Please file this cover letter at the back of the manual to provide a record of changes.
