Problem

BS Error in 142Ø. In addition, these line changes will allow multiple keyword searches.

* *   THE FOLLOWING LINE CHANGES ARE REQUIRED!   * *

Solution

The addition of lines 1372-1376 will allow multiple keyword searches by using '+' instead of a space, as in 'BONANZA+OF+MONTH', which will be treated as a single match of 'BONANZA OF MONTH' for the search.

Addition of line 14Ø7 will cause searches which generate over 35Ø matches to display the first 35Ø and continue.

The problem is corrected by following the steps listed below.

1. Backup the diskette(s) and make the changes on the Backup copy of the program.
2. In BASIC load the program by typing LOAD"VERSA/BAS".
3. Add the following lines.

New Line: 1372 FORY=1TOZ-1

New Line: 1374 YY=INSTR(K(Y),"+"):IFYY>ØTHENMID$(K(Y),YY)=" ":GOTO1374

New Line: 1376 NEXT

New Line: 14Ø7 IFZ=35ØTHENGOSUB165Ø:Z=1:FORYY=1TO35Ø:E(YY)="":Y(YY)=Ø: NEXT:E(1)=" "

CUSTOMER SERVICE BULLETIN

4. Type SAVE"VERSA/BAS" to save the changes in the program.
5. At TRSDOS READY, make a backup copy of the corrected diskette.
