

C30_08_2 Highlights

TANDEM CD READ™

New Viewer Software

- For a summary of what's different, refer to "New and Changed Information" in the *Tandem CD Read Manual for Microsoft Windows Software* or the *Tandem CD Read Manual for the Macintosh Computer*. These manuals, which include viewer installation instructions, are in the SOFTPUBS library.
- The Microsoft Windows version of the viewer now prints on A4-size paper; the Macintosh version is now 32-bit compatible.

NETMASTR Library Added

- This new library contains manuals for NET/MASTER software users.

Refer to your Tandem CD Read booklet for more information about disc versions and disc care.

C30_09_1 About This Disc
TANDEM CD READ™

Updated Libraries

This disc contains the Tandem software publications and the Tandem software release documents for the C30.09 software release.

Refer to the "About the C30_09_1 SOFTPUBS Library" and the "About the C30_09_1 SOFTDOCS Library" files on the Tandem CD Read disc for information about the contents of the libraries.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

C30_09_2 About This Disc

TANDEM CD READ™

Additions to SOFTPUBS Library

The SOFTPUBS library on this disc, which contains Tandem software publications for the C30.09 software release, includes the newly added *PC6530 User's Guide*. The library also includes a redesigned Reader Comment Card, which allows you to send your comments by FAX. See the "About the C30_09_2 SOFTPUBS Library" file for details.

Update of NETMASTER Library

The NETMASTER library on this disc contains documentation for the latest release of the NonStop NET/MASTER software (version 1.5).

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

C30_10_1 About This Disc TANDEM CD READ™

Updated SOFTPUBS, SOFTDOCS, and MKTGDOC Libraries

This disc contains the Tandem software publications, software release documents, and marketing documents for the C30.10 software release. See *About the C30_10_1 SOFTPUBS Library*, *About the C30_10_1 SOFTDOCS Library*, and *About the C30_10_1 MKTGDOC Library* on this disc for more information about the contents of these libraries.

D-Series Manuals

In addition to the complete set of C-series software manuals, the SOFTPUBS library on this disc includes three D-series manuals that will help you prepare and plan for migration to the D-series releases. These manuals are the *Introduction to D-Series Systems*, the *D-Series System Migration Planning Guide*, and the *Guardian Application Conversion Guide*.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

D10_00_1 Highlights

TANDEM CD READ™

Temporary Search-Function Limitation

The Tandem CD Read viewer cannot search for some procedure call names documented in the libraries on this disc.

For information about this limitation, see "Important Information for You About Searching Libraries" on page 1 of *About the D10_00_1 SOFTDOCS Library* or on page iii of *About the D10_00_1 SOFTPUBS Library*. These documents are located in the SOFTDOCS and SOFTPUBS libraries on this disc.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

D20_00_1 About This Disc TANDEM CD READ™

New Version of Viewer Software

The PC and MAC folders on this disc contain the latest version (1.5.5) of the Tandem CD Read viewer software. The new viewer software, which you should install immediately, corrects a previous search-function limitation and improves the legibility of graphics on the screen. See the *Software Installation for Microsoft Windows Software* manual or the *Quick Start for the Macintosh Computer* for viewer installation instructions.

Updated SOFTPUBS and SOFTDOCS Libraries

This disc contains the Tandem software publications and the Tandem software release documents for the D20.00 software release. See the "About the D20_00_1 SOFTPUBS Library" and the "About the D20_00_1 SOFTDOCS Library" files on the Tandem CD Read disc for information about the contents of these libraries. *Refer to your Tandem CD Read booklet for information about disc versions and disc care.*

D20_00_2 About This Disc TANDEM CD READ™

New MKTGDOC Library

This disc includes the first release of the MKTGDOC library, which contains current information about products and services offered by Tandem and Tandem Alliance partners. See *About the D20_00_2 MKTGDOC Library* on this disc for more information about the contents of this library.

Updated SOFTPUBS and SOFTDOCS Libraries

This disc includes Tandem software publications and software release documents for the D20.99 Himalaya software release. The SOFTPUBS library includes the newly added *Tandem Terminal Emulator (TTE) for Windows User's Guide*. See *About the D20_00_2 SOFTPUBS Library* and *About the D20_00_2 SOFTDOCS Library* on this disc for more information about the contents of these libraries.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

D20_01_1 About This Disc TANDEM CD READ™

Updated SOFTPUBS, SOFTDOCS, and MKTGDOC Libraries

This disc contains the Tandem software publications, software release documents, and marketing documents for the D20.01 software release. See *About the D20_01_1 SOFTPUBS Library*, *About the D20_01_1 SOFTDOCS Library*, and *About the D20_01_1 MKTGDOC Library* on this disc for more information about the contents of these libraries.

New Screen Fonts and Font Mapping Files

New screen fonts for the Macintosh computer and new files for PCs running Microsoft Windows software are provided on this disc. The new fonts are needed to view some documents in the SOFTPUBS library. See *About the D20_01_1 SOFTPUBS Library* for more information about the new fonts.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

D20_02_1 About This Disc TANDEM CD READ™

Font Enhancement

To improve readability, the CD Read viewer for Microsoft Windows software now automatically uses Windows TrueType fonts when displaying documents on your computer screen.

Updated Documentation Libraries

This disc includes Tandem software publications and software release documents for the D20.02 software release. This disc also includes current information about products and services offered by Tandem and Tandem Alliance partners.

For information about the different documentation, see *About the D20_02_1 SOFTPUBS Library*, *About the D20_02_1 SOFTDOCS Library*, and *About the D20_02_1 MKTGDOC Library* on this disc.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

**D20_03_1 About This Disc
Second Pressing**

TANDEM CD READ™

Second Pressing

This disc is identical to the disc shipped to you in mid-October. You are receiving this second pressing of the disc because many discs were damaged in transit. Please discard your original disc; many have hairline fractures.

Updated Documentation Libraries

This disc includes Tandem software publications and software release documents for the D20.03 software release. This disc also includes current information about products and services offered by Tandem and Tandem Alliance partners.

For information about the contents of this disc, see the *About the D20_03_1 SOFTPUBS Library*, *About the D20_03_1 SOFTDOCS Library*, and *About the D20_03_1 MKTGDOC Library* documents.

Refer to your Tandem CD Read booklet for information about disc versions and disc care.

D20_04_1 About This Disc

TANDEM CD READ™

Updated Documentation Libraries

This disc includes Tandem software publications and software release documents for the D20.04 software release.

In the SOFTPUBS library, you'll find the first manuals with improved onscreen readability. In the MKTGDOC library, you'll find the 1995 edition of the *Tandem Alliance Solutions and Services Directory*. This directory contains the latest information about products and services offered by Tandem Alliance partners.

For detailed information about the contents of the CD Read libraries, see *About the D20_04_1 SOFTPUBS Library*, *About the D20_04_1 SOFTDOCS Library*, and *About the D20_04_1 MKTGDOC Library*.

D20_05_1 About This Disc

TANDEM CD READ™

Updated Documentation Libraries

This disc contains Tandem software publications and software release documents for the D20.05 software release as well as current marketing literature.

For information about the documentation libraries, see *About the D20_05_1 SOFTPUBS Library*, *About the D20_05_1 SOFTDOCS Library*, and *About the D20_05_1 MKTGDOC Library* on this disc.

To recycle previous versions of the CD Read disc, please send them to the mailing address listed on the Reader Comment Card in the SOFTPUBS library.

D20_06_1 About This Disc

TANDEM CD READ™

Updated Documentation Libraries

On this disc you'll find Tandem software publications and software release documents for the D20.06 software release as well as current marketing literature. The SOFTPUBS library includes 11 manuals from the Tandem Telecom Division; the MKTGDOC library contains the *1995 Tandem Alliance Solutions and Services Directory*.

For more information about the contents of the SOFTPUBS, SOFTDOCS, or MKTGDOC library, see the applicable "About the Library" document on this disc.

To recycle previous versions of the CD Read disc, please send them to the mailing address listed on the Reader Comment Card in the SOFTPUBS library.

D30_00_1 About This Disc

TANDEM CD READ™

Install New Viewer Software (Version 1.5.6)

This disc includes software enhancements for Macintosh users. The Macintosh viewer now supports the Power Macintosh. See your quick start for viewer installation instructions.

Libraries Updated for D30.00 Software Release

More than 180 new and revised publications have been added to the SOFTPUBS library for this major release. The additions include documentation for Open System Services (OSS) and the first manuals with improved onscreen readability.

For information about the contents of the CD Read libraries, see *About the D30_00_1 SOFTPUBS Library*, *About the D30_00_1 SOFTDOCS Library*, and *About the D30_00_1 MKTGDOC Library*.
